Von John Andreas, 1872-1952 Widtsoe : A Rational Theology, As Taught by the Church of Jesus Christ of Latter-day Saints before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Rational Theology, As Taught by the Church of Jesus Christ of Latter-day Saints:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. This book converted my father Von Chris Tolworthy This is an unusual review, as I have not read the book. But I noted that

no-one else has reviewed it, so somebody has to say something. My father was found by LDS missionaries in 1961. He has a great love of science, and naturally had many questions. Someone gave him a copy of this book, and he was convinced. He has a rational answer to most questions, and this book shaped his attitudes. I have not read the book, but it has indirectly defined my life and the lives of others.

KurzbeschreibungHardPress Classic Books SeriesKurzbeschreibungHardPress Classic Books SeriesSynopsis
Published in 1932. Widtsoe, a member of the Council of the Twelve Apostles, writes: A rational theology, as understood in this volume, is a theology which 1) is based on fundamental principles that harmonize with the knowledge and reason of man, 2) derives all of its laws, ordinances and authority from the accepted fundamental principles, and 3) finds expression and use in the everyday life of man. In short, a rational theology is derived from the invariable laws of the universe, and exists for the good of man. This volume is an exposition; it is not an argument. The principles of the Gospel, as held by the Church of Jesus Christ of Latter-Day Saints, are stated briefly, simply and without comment, to show the coherence, reasonableness and universality of the Gospel philosophy.
