Lindell takes you through his early years and how he got involved in music. He is so open and personal about his life, struggles, and questions

about his place in ministry. This book shows how God developed talents in Lindell, that, little did he know, would be used to spread anointed music worldwide. I enjoyed traveling the winding road through Lindell's life that eventually took him to Pensacola, Florida and the Brownsville Revival. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A powerful word to musicians in the end-time revival church. Von Ein Kunde From the broad platform the Brownsville Revival has given him, Lindell Cooley humbly brings a powerful message to the end-time music minister with striking honesty and clarity. His personal testimony illustrates how vital it is that we seek and faithfully follow God's calling on our lives, and how the devil cannot defeat the simple prayer, "Thy will be done." 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful, I could not put the book down.... Von Ein Kunde This book was great. I am not an avid book reader but this one was great. I think every worship leader, musician, back-up singers, laymen/women and preachers should read this book.
