A Must Read Von Judi Baker "A Vision Beyond Abuse" by Kathy Goodhew is a powerful story of one woman's journey from suffering to the discovery of God's grace. Kathy shares honestly her experiences of hardships, learning experiences,

and joys she endured over the years. The reader can sense the strength she gained as she turned to the Lord in her time of need. Her message of allowing God to wrap his arms around you while you go through a difficult time is meant for everyone. I highly recommend this inspiring story for anyone who wants to be uplifted. This book would make a perfect gift for anyone who is struggling with this subject and it would be a great addition to an abuse center as a donation.
