Von Anthony Towey : An Introduction to Christian Theology before purchasing it in order to gauge whether or not it would be worth my time, and all praised An Introduction to Christian Theology:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Umfassende Einführung Von Sandra Fischer Obwohl ich das Buch noch nicht ganz durchgelesen habe, zeigt mir das Inhaltsverzeichnis, dass hier ausführlich und auf erfrischende Weise die Grundlagen des christlichen Glaubens behandelt werden. Der Autor bemüht sich um eine allgemein verständliche, aber angemessene Sprache, die es auch Anfängern ermöglicht, sich schnell mit der Materie vertraut zu machen. Es werden auch die aktuellen Aspekte und Probleme der christlichen Theologie in der heutigen Zeit behandelt. Kompakt, informiert und sympathisch. 0 von 0

Kunden fanden die folgende Rezension hilfreich. great book Von Mrs. Victoria N. Quinn Well written and nicely structured. Easy to follow. Leading the reader through the Christian theology in an effective manner. Well worth a read

Kurzbeschreibung There has long been a need for a comprehensive but truly introductory single-authored textbook in theology. By introducing the reader to the biblical, doctrinal and contemporary dimensions of Christianity with the help of illustrated examples from selected primary texts, the book provides an excellent grounding in theology for both students of the discipline and the general reader. The work explores key 'tools' for the scientific study of theology, endeavouring both to affirm the rationale behind Christian thinking, and also to familiarize the reader with significant contrary positions. The solid foundations in biblical theology and hermeneutics given in the book will enable students to read Judeo-Christian scripture intelligently. Key testimonies regarding Jesus Christ are scrutinized and the nature of the New Testament discussed. As well as the emergence of doctrinal orthodoxy and the later disagreements which have shaped contemporary Christianity, the reader will become familiar with the dimensions of current Christian thinking in its dialogue with post-modernity. Pressestimmen Scholarly quips sparkle throughout this 500-page compendium of Christian theology, making it an accessible and user-friendly read ... Together with helpful references, glossary, maps and a timeline this helps to make An Introduction to Christian Theology an excellent primer for students and teachers ... Highly recommended, Anthony Towe has set a new standard in an important field. The Tablet An excellent introductory text for anyone studying theology. The Reader At more than 500 pages, it is excellent value for money, and offers an open, clear, and lucid perspective on theology ... Towe is clearly a very gifted writer, and able to take his readers through dense and complex theological issues with assurance and clarity. Church Times In terms of sheer ease of use the book scores highly, every chapter has an outline of the topics covered and an end summary. The glossary is also a very useful addition. Open House Dr Anthony Towe [...] has met his brief to create an accessible and stimulating introduction to Christian theology. It is a work of impressive ambition: an academic sojourn beginning deep in ancient Judaism and ending with contemporary debates - all conducted in the spirit of 'thoughtful conversation about God'. In adopting a witty, simply written and 'basically historical' approach, he offers a text especially appealing to what I suspect is his main constituency - the younger student new to tertiary level theology. It could also work as a useful primer for teachers, catechists, religious, or simply those with a general interest in theology. International Studies in Catholic Education Throughout, Towe proves a reliable guide ... not only to the central doctrinal loci but also to the Bible, Church history, ethics and much more. s in Theology With erudition, enthusiasm and humour, Anthony Towe has produced that rare thing: a compendium of Christian theology to make the brain hum and the heart sing. Julie Clague, University of Glasgow, UK Towe writes engagingly. He refreshingly takes the student of theology into areas that will allow them to sense the richness, complexity, problems and wonders of the Christian tradition. Gavin D'Costa, University of Bristol, UK Kurzbeschreibung There has long been a need for a comprehensive but truly introductory single-authored textbook in theology. By introducing the reader to the biblical, doctrinal and contemporary dimensions of Christianity with the help of illustrated examples from selected primary texts, the book provides an excellent grounding in theology for both students of the discipline and the general reader.
