TryonI was given a copy of this book while in the hospital and about as low as one could get. I had just been moved from a room I truly enjoyed and

had been in for approximately 10 weeks, to a dark room with a dying roommate. I was very, very angry with the hospital, the nurse who moved me and most of all this guy dying right next to ME!!!! I had just finished reading my novel and all that I had was this book. I started to read it and all my thoughts were "what type of crap is this?" Then I hit (Page #9 I think) God writes TO ME "I know you are upset and I too am upset at those who have hurt you. Just say the word and I will bring my vengeance on them because I am here to right the wrong." Well now I said to myself, this is more like it Yeah God slay em all. Reading further He reminds me of forgiveness and I realize how foolish I have been. This book has been my companion over the years and I have given maybe 50 copies to others and all have marveled at its content.0 von 0 Kunden fanden die folgende Rezension hilfreich. I love my father, and I am very grateful he spoke through uVon Ein KundeI love my FATHER and JESUS also; I am so grateful that he wrote this book. It is a real encouragement for me daily, and I carry it with me where ever I may go. I really can't describe how much these messages impact my life and how they guide me on my daily walks through life. I hope you will answer this message personally; because I really need some advise, For I have been called into a prophetic ministry myself and I know when it is my season I will walk completely in the prophetic. However I really believe I was lead to try to reach because this is the first time I ever done this and I know it want be my last. I ask that you pray for me and I will keep you in my prayers also. A superb collection of letters from our Heavenly FatherVon Ein KundeThis book contains a glimpse into our Father's true ways. He has no intention of letting us down or giving up on us. In this book the Lord communicates with us in a fantastic way--the fact that we are important to him. I anticipate a sequel in the near future.
