DisappointingVon DreamscoutI bought the Kindle edition. It lacks every kind of navigation (please! there are better

ways to allow the reader to navigate to number 417 than to turn some 100 pages). It also lacks indexing, so at least on the Kindle, you cannot search for anything. The Kindle app for Pc/Mac sometimes finds something. This is really poor. The other issue I have is that, well how to say this, all meanings are rather vague and airy-fairy. Perhaps okay if you go for that sort of thing. Me, I am looking for down-to-earth guidance in down-to-earth things. Yes, there is of finance and prosperity, life purpose, ascended master stuff and so on. There is absolutely nothing on love (between man and woman), romance, partnership and sex. Are there no numbers relating to this important area of life? Also, much of it is too repetitive for my liking. I didn't find much in, say 22 or 202 that wasn't already covered by 2. There are supposed to be subtle differences, but it is hard to differentiate one vague statement from another. The book suggests to work the other way round, e.g. to find statements that appeal to you and bring the numbers that go with it into your daily life; an excellent suggestion, but I found little that really whetted my appetite for doing just that.... So I returned the ebook - non-searchability and non-navigability being the main reasons. For people like myself, I recommend "Messages in the Numbers: The Universe is Talking to You" by Alana Fairchild. Alana's book allows you to explore each number in different directions, which makes easy to pick what seems most appropriate for you in a particular context, e.g. a partnership-related meaning, or a workplace-related meaning, etc. Each basic number gets a very detailed section, and then there are sections for bunches of numbers in combinations, also sufficiently detailed. There is no redundancy. Suffice to say that I didn't just look up the numbers that are interesting for me right now, but I am going to read that one cover-to-cover.

Ich habe dieses Buch als Referenz ständig im Gebrauch. Bewege mich aber nur selten über die einhundert Zahlen hinaus. Eigentlich ist alles, was über 10 hinausgeht eine Variation der einzelnen Zahlen. Aber nichts desto trotz gut zu wissen. Ein hilfreicher Ratgeber, um die Botschaften der Engel zu identifizieren.

Kurzbeschreibung One of the most common ways in which angels speak to us is by showing us repetitive number sequences. Since the publication of her best-selling book *Angel Numbers*, Doreen Virtue has received even more information from the angels about the meaning of number sequences such as 111, 444, 1234, and so forth. *Angel Numbers 101* clearly explains how to receive accurate messages from your angels and heavenly loved ones whenever you see repetitive number sequences on telephone numbers, license plates, receipts, clocks, and such. Every message is completely updated for increased accuracy in understanding your angels messages. This handy reference guide is small enough to fit into a purse or desk drawer so you'll always know what your angels are saying.

Pressestimmen Another inspiring book by angel expert Doreen Virtue. This excellent volume illustrates how we can work with angels to heal the body, emotions, pets and even reader's financial situations. This outstanding publication is full of heartening miracle and healing stories. A lovely gift...for yourself! -- Jacky Newcomb *Lifted Magazine*
