**Von Judith Walker-Hodge : Animal Hospital (DK Readers Level 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Animal Hospital (DK Readers Level 2):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Top Dog!Von Ein KundeThis is a great book in a great series of early readers. The pictures are (as in all Dorling Kindersly books) wonderful and the text is just right for kids interested in the workings of a vet office. The whole series is wonderful- they never talk down to the children, go smoothly from one level to the next and are full of interesting

information laced with a little humor. Our 4 6 year olds love them.

Synopsis This Level 2 reader is suitable for Grades One to Three pupils, and is part of a four-level programme of narratives for beginner readers. Written in association with the National Literacy Trust, this book is one of a structured programme which children can work through from basic word repetition to real-life accounts of the San Francisco earthquake. The books are chosen not only because they appeal to the correct age group but also because they are gripping and really grab and hold the reader's attention.
