It was first published in 1917 by McClelland, Goodchild and Stewart. The novel is from a series of books written primarily for girls and young women, about a young girl named Anne Shirley. The books follow the course of Anne's life. It is set principally on Canada's Prince Edward Island, Montgomery's birthplace and home for much of her life. The series has been called classic children's literature, and has been reprinted many times since its original publication. Anne's House of Dreams is book five in the series, and chronicles Anne's early married life, as she and her childhood sweetheart Gilbert Blythe begin to build their life together. .deA shipwreck in the South Seas, a palm-tree paradise where a mad doctor conducts vile experiments, animals that become human and then "beastly" in ways they never were before--it's the stuff of high adventure. Wells himself wrote about this story, "The Island of Dr. Moreau is an exercise in youthful blasphemy. Now and then, though I rarely admit it, the universe projects itself towards me in a hideous grimace. It grimaced that time, and I did my best to express my vision of the aimless torture in creation." This colorful tale by the author of The Time Machine, The Invisible Man, and The War of the Worlds lit a firestorm of controversy at the time of its publication in 1896. .comA shipwreck in the South Seas, a palm-tree paradise where a mad doctor conducts vile experiments, animals that become human and then "beastly" in ways they never were before--it's the stuff of high adventure.
