Von Frank Ching : Architectural Graphics before purchasing it in order to gauge whether or not it would be worth my time, and all praised Architectural Graphics:

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. essential for any architect or student Von Ein Kunde A fabulous survey of the conventions of architectural drawing in an easily referenced, concise format. Adequately covers the basics of orthographic, paraline, perspective, and rendering techniques. Good for the first time student just learning, or the experienced architect looking for a brush up. 1 von 1 Kunden fanden die folgende Rezension hilfreich. A visual guide to Architectural Drafting. Von Ein Kunde Architectural Graphics covers a huge range of fields within Architectural Drafting, and Presentation. From perspective to plans, this book has it all. Excellent for beginners, it is a visual, easy to understand guide to Drafting.

Kurzbeschreibung Architectural Graphics focuses on the techniques, methodologies, and graphic tools used in conveying architectural ideas. The book takes a look at equipment and materials, architectural drafting, and architectural drawing conventions. Discussions focus on drawing pencils, technical drawing pens, set squares/templates, circle templates/compasses, line weight/line types, drafting technique, drawing circular elements, floor plan, doors and windows in plan, stairs, wall indications, plan grids, and site boundaries. The manuscript examines rendition of value and context and graphic symbols and lettering. Topics include tonal values, media and techniques, value/texture rendition, material rendition, shades and shadows, people, furniture, graphic representation symbols, and hand lettering. The text explores freehand drawing and architectural presentations, including freehand sketching, graphic diagramming, and sketching equipment. The publication is a valuable reference for architects interested in doing further studies in architectural graphics. Kurzbeschreibung Architectural Graphics focuses on the
