KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. good readVon BardezThis applies to the Kindle version.A good, pleasant read. As it states, it isn't a guide as such. Just a book about a couple of regular folk who had a great holiday.Some pictures would have been nice, even basic bw kindle ones.But a good read, none the less.

KurzbeschreibungTuk-Tuks, Bartering, Spooning with the locals, extortion bears, the wettest night in a desert for 64 years, possum pies, a tropical cyclone and coping with Fiji time!Looking for a different travel book? Planning a career break or just a nice long holiday. 90 Days around the world was a collection of blogs for family and friends that has been turned into an alternative and somewhat dry humoured, subjective view of the globe from a grumpy 30-something Yorkshireman's eyes.90 Days, 8 Countries, hundreds of ridiculous early starts but a whole lot of fun. A once in a lifetime trip for two people looking for one last big adventure before dreaded mid-life boredom kicks in.Don't think of this as a travel guide, that's why lonely planet write books. These are stories I wrote to keep my mother happy :)KurzbeschreibungTuk-Tuks, Bartering, Spooning with the locals, extortion bears, the wettest night in a desert for 64 years, possum pies, a tropical cyclone and coping with Fiji time!Looking for a different travel book?
