KurzbeschreibungWhether for work on a finished piece, trying a new technique, or getting in some practice time,

artists can work when and where they want using the Art Models series. Chosen specifically for artists who sell their work, Art Models 8 features 174 all-new figure studies by 55 different models, both male and female, that represent a wide range of physiques and diversity. The poses include individuals and couples in natural, relaxed postures from standing and sitting to lying down. A judicious amount of photo retouching has been done, not to make the models more glamorous, but to remove distractions.
