Von Arnold Greenberg, Marriet Greenberg : Aruba, Bonaire Curacao Alive (Alive Guides) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Aruba, Bonaire Curacao Alive (Alive Guides) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. A thoughtful and well organized guide.Von Ein KundeHighly recommended! Handy size paperback, with practical information that doesn't insult your intelligence. Especially helpful in describing transportation options. The authors have written the book from the perspective of the traveler: needs and interests. Each island's history, people, government and culture are described in succinct, useful terms. Very insightful in how to make the most of your time. I found the descriptions of things to do especially helpful and the hotel and retaurant reviews and price ranges were

accurate, for a refreshing change. Far better than the "advice" you get from the usual travel agent who only knows what the brochure writers said. If you're going to take along one guidebook to the ABC islands, this is it. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Full of Great Info on the ABCs Von Ein Kunde After choosing ARUBA for a Honeymoon destination, I headed out in search of a Tourbook. Of Course, .com gave me more choices than local bookstores. This book gives great details about ALL of the ABC islands, especially what I was looking for...Beaches, Romantic Interludes, Activities...and it also listed how and what you needed to "get Married, again" on the island. I would highly recommend this book if you are planning a trip to the ABCs. 2 von 3 Kunden fanden die folgende Rezension hilfreich. A treasure trove Von Ein Kunde Those planning a journey will consider the specific information a treasure trove of facts. From critically acclaimed accommodations to itineraries and a focus on wildlife, this is packed with take-along information essential to planning a visit.

Kurzbeschreibung A thorough revision--now with color photos throughout--of this comprehensive guide to the popular ABC islands, located just off the Venezuelan coast. Discover the quiet life of Bonaire, gamble away at Aruba's casino, hit the high-style designer clothing stores in Curacao, and relax on the glorious white beaches of all three! Here is the ultimate guide to discovering the high life and cool spots of the ABCs, written by authors who have sacrificed their vacations to research this book (poor things!). This Alive Guide focuses on shopping (snatch up some duty-free bargains), hotels and restaurants (colorful local cuisine and fine dining alike), with special attention paid to the cream of the crop. Sightseeing, historical walking tours, wildlife discovery, and watersports are also covered. The activity-oriented Sunup to Sundown sections will fill your day with beaches, deep-sea fishing charters, diving excursions, moped rides and more, while After Dark tells you of the best happy hours, the liveliest clubs and the bars where things really hop! Handy A-Z sections for each island provide all the practical details--airline offices, banking hours and locations, emergency telephone numbers, shopping hours, tourist information booths.
