Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Ascent of Everest Von David Wilson An Absolute must as the book to read before trying out all the many other Everest books. The clear and descriptive image for every detail leaves the reader with an impression of "excellent graphics". In terms of modern management techniques it teaches what you need to know about teamwork, leadership and outcomes

based decision making.

Kurzbeschreibung This is the story of how, on 29 May, 1953, two men, both endowed with outstanding stamina and skill, reached the top of Everest and came back unscathed to rejoin their comrades. 'Yet this will not be the whole story, for the ascent of Everest was not the work of one day, nor even of those few anxious, unforgettable weeks in which we prepared and climbed this summer. It is, in fact, a tale of sustained and tenacious endeavour by many, over a long period of time... We of the 1953 Everest Expedition are proud to share the glory with our predecessors.' Sir John Hunt

Pressestimmen 'An exceptionally lucid and consecutive narrative of a great adventure. It tells an epic story.'
