**Von James L. Dickerson : Ashley Judd: Crying on the Inside (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ashley Judd: Crying on the Inside (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Quite interesting and must-have for fansVon Rosebud57This book enables the public to have a closer look at Ashley Judd's inside and development, not only as an actress but also as a woman and family member of the Judds. In this biography you find information about Ashley's upbringing, about Diana Ciminella's change into Naomi Judd and about her success with her daughter Wynonna in country music. The facts about Diana's business affairs and stepping foot into country music are quite detailed but necessary in order to understand Ashley's desire and realization of her dream: her urge to become an actress. By and by we see her delimiting from the successful country duo "The Judds" and building up her own identity and finding her inner self. They all together had lots of hard times but look what's happened to the

three Judd women, the power of change. And change was necessary and inevitable for Ashley. The three Judd women - a phrase that symbolizes change itself. This time, it is Ashley who too, is a bright star. Throughout the book Dickerson tends to interpret Ashley's feelings and quotes her on interviews, the only possibility to read something Ashley once has really said. But how she feels can only be guessed, which is quite welcome as the reader has to use his own mind. The reader accompanies Ashley from being abandoned as a child to each and every review and critics of her latest movie being released. The reactions of the critics allow us to catch a glimpse at how hard it is to satisfy everybody in this business, it's not only hard, it's even impossible. But Ashley manages to stay calm and keep on laughing on the outside while she might be crying on the inside.

KurzbeschreibungASHLEY JUDD'S LIFE FROM BIRTH TO 2015.Although her mother, Naomi, and older sister, Wynonna, rose to fame as the country music duo the Judds, Ashley Judd took her own road to stardom, becoming one of the most successful actresses in Hollywood today.In this biography, veteran author and journalist James L. Dickerson recounts her difficult childhood in Kentucky and California, her sometimes troubled relationships with her mother and sister, her big-screen breakthrough in the 1993 movie "Ruby in Paradise," her ongoing series of starring roles, her life-long struggle with depression, her off-screen romances, and her marriage.Discover the inside story of the actress who has starred in movies such as "Heat," "Kiss the Girls," "High Crimes" and "The Divine Secrets of the Ya-Ya Sisterhood." Journey with her as she makes the transition from actress to social activist, addressing the General Assembly of the United Nations on matters of the greatest importance.This is an excellent reading companion for Ashley Judds 2011 memoir, "All That is Bitter and Sweet."James L. Dickerson is an award-winning writer, mental health professional, and author of the music histories "Mojo Triangle" and "Memphis Going Down." As a biographer he has authored books on Nicole Kidman, Faith Hill, jazz legend Lil Hardin Armstrong, and Elvis Presleys first guitarist and manager, Scotty Moore. An award winning newspaper editorial writer, he is co-author of the civil rights history, Devils Sanctuary: An Eyewitness History of Mississippi Hate Crimes.KurzbeschreibungASHLEY JUDD'S LIFE FROM BIRTH TO 2015.Although her mother, Naomi, and older sister, Wynonna, rose to fame as the country music duo the Judds, Ashley Judd took her own road to stardom, becoming one of the most successful actresses in Hollywood today.In this biography, veteran author and journalist James L.
