Easily, one of the greatest books ever written Von Ein Kunde Very few books are able to even approach the truth. This book IS the truth. Besides Alcyone, only James Allen is able to capture the state of goodness in words so succinctly. This is a life changing book that everyone should read. It provokes much deep thinking, and hopefully, an existence more aligned with God and the truth. 0 von 0 Kunden fanden die folgende Rezension hilfreich. for those of us who want to change what we can, ourselves. Von Ein Kunde This book is by far a beautiful guide to life and if there is only one

book you could read, and carry with you everywhere you go, and reread again and again, this is it. For those of us who knock, and those of us, who believe in the Beauty of the Absolute. Those of us, who wish to make a change . . .0 von 0 Kunden fanden die folgende Rezension hilfreich. A wonderful journey to your own master. Von Ein Kunde Is one of the greatest books I've ever read. Follow the words of the master: Love , respect all religions, keep your body free of impurities, treat all living things with respect. A great book to read to our children. cb

Kurzbeschreibung Krishnamurti records his teachings, as he received them from his spiritual teacher during sleep. They address their young student's problems of daily living and set forth a simple guide to right behavior-the prerequisite for spiritual progress. Now, almost a century later, this classical jewel of esoteric wisdom still shines a strong, pure light on how to begin the spiritual path.
