Von Gene Stratton-Porter : At the Foot of the Rainbow (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised At the Foot of the Rainbow (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Thought provoking treatment of true friendship. Von Ein Kunde Although not my absolute favorite Gene Stratton-Porter book (The Keeper of the Bees would have to earn that honor), I found At The Foot of The Rainbow to be quite rewarding reading. The characters, setting, dialogue/dialect, and virtues are classic Porter; the issues and values are timeless; and the thought provoking manner in which she concludes her story leave one considering their own lives on a deeper

level. Well worth a few hours of reading(one of her shorter novels) and several more of soul serching to follow. A highly recommended book for young and old!!!!!!
