Catechism for Catholic Adults Von Ein Kunde A previous "reviewer" obviously has never seen this book since it is not intended for use with children. It is clearly aimed at young adults who already have an understanding of the basic truths of the Catholic faith. These catechisms are styled after Thomas Aquinas' Summa Theologiae, which is

universally recognized as one of the greatest philosophical and theological works ever! For those wanting an introduction to the Catholic religion, I would suggest the first book in this series, which is geared to children and catechumens.0 von 0 Kunden fanden die folgende Rezension hilfreich. An excellent resource for any CatholicVon Ein KundeI am a religion teacher and must say that this book is perfect for anyone who is studying or teaching the Catholic faith. It covers every possible topic and even has tests at the end of each lesson. It is a good resource for comparing the old polices of the Church to the new ones.0 von 1 Kunden fanden die folgende Rezension hilfreich. Very spooky memories.Von Ein KundeThis book was used as a bludgeon for many years by sadistic nuns who scared many impressionable children and made them mental. The absurdity of this book paradoxically drove many Catholic children into Apostasy!
