Tips ber das nichtbekannte BangkokVon Marlis ZeltnerInformationen, die man sonst nirgends findet, ein Buch, das Lust gibt, nach Bangkok zu gehen und diese Stadt zu erleben, einzuatmen. Ich whlte dieses Buch, um die verschlungenen Pfade von Bangkok kennen zu lernen. Empfehlen wrde ich es jedermann, der dieses Land besucht, man fhlt sich den

Bewohnern nahe.

Kurzbeschreibung Few cities in the world are as exotic and complex as Bangkok and this unique book encourages the reader to journey at their own pace, delving into their personal interests. A refreshing guide using eReader capacities and the Internet persuading the visitor to look at this metropolis from an alternative viewpoint. With the freedom to wander, the reader will discover traditional lifestyles, unconventional (yet formidable) transportation systems; life in the streets and retreats behind the temple facades. Along with a peek into world famous luxury hotels on the Chao Phraya River, there are also ample suggestions for enjoying long-tail boats and the lore of the lifestyle along the River and the khlongs. Bangkok FreeStyle gives you the opportunity to observe the paradoxes, to learn about ancient Siam and to enjoy this modern megalopolis. 166 pages : each with a beautiful picture -- and each pic is worth a thousand more words. The perfect companion to discover Bangkok -- on your own terms!
