Von Barbara Bush : Barbara Bush: A Memoir (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Barbara Bush: A Memoir (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Behind the scenes of a First Lady's life in politics.Von Ein KundeIn this book, Barbara Bush proves that the wife of a president,vice president and polition is not always easy. She tells many amusing stories of her expeirences with many famous people (both bad and good) and gives an insiders look at important historical events that were part of her

husbands career. This book gives you a better look at the job and hectic schedule that a First Lady is responsible for (even though she is not paid.) Her viewpoints on her responsibilities as a First Lady, a Wife and Mother are refreshing. It seems like she was able to "do it all" and "have it all" and do it well. After reading this book it is easy to see why she is one of the country's favorite First Lady's. 0 von 0 Kunden fanden die folgende Rezension hilfreich. I was having a fascinating history lesson! Von Ein Kunde I wanted more stories, more letters, more diary entries, more anecdotes, more pictures and most DEFINITELY more years with George as President and Mrs. Bush as First Lady! I loved every word for its warmth and humor and depth and perception. I envy those Mrs. Bush refers to as "our dearest friend." Although it made me want to cry for what we lost in '92, it also made me want to celebrate Mrs. Bush's life by adopting her motto of "faith, family and friends." 0 von 0 Kunden fanden die folgende Rezension hilfreich. Stolid but not always tiresome, traditional reading Von Ein Kunde Perhaps not so bad as far as political memoirs go. Though no one is reading this with the hopes of finding a private Hunter S. Thompson, Bush does have a certain kind of humor and consistency about her. Republicans will probably enjoy this book, Democrats will probably find it tinged with just a hint of gender inequality. One can not help, in the present era, of thinking "Let us see if Hilary will do any better."

Kurzbeschreibung Barbara Bush endures as one of America's most popular First Ladies. She has won worldwide acclaim for her wit, compassion, and candor as both a presidential wife and mother. In this #1 New York Times bestselling memoir, Mrs. Bush offers a heartfelt portrait of her life in and out of the White House, from her small-town schoolgirl days in Rye, New York, to her fateful union with George H.W. Bush, to her role as First Lady of the United States. Here, she writes candidly about: her early years with George Bush in West Texas the tragic death of her young daughter the world of Washington politics and the famous figures she's met her role as the nation's leading literacy champion her feelings about the Iran-Contra scandal, the Persian Gulf conflict, and the Cold War the disappointment of the 1992 presidential campaign -- and the mixed blessing of regaining her private life...and much more. Filled with entertaining anecdotes, dozens of personal photographs, and a healthy dose of humor, this memoir is as compelling and honest as the former First Lady herself. From Library Journal Bush will visit Larry King Live, Charlie Rose, and Good Morning America to hype this long-awaited memoir. Copyright 1994 Reed Business Information, Inc. Pressestimmen "No man, woman or child ever had a better life." --Barbara Bush
