With only a few props and minimum preparation before you can have a great family night. Your children will really have fun and because of that they will remember what they have learned. Every family should have some time each week to reconnect with each other. This books shows you how to share some great concepts of the christian faith and good character while you do this. It is fun for both parents and children. Even if you know nothing about theology or teacher training you will be able to carry out these fun events with your family. Don't

put off family nights anymore. Get this book or one of the others in the series and get started.0 von 0 Kunden fanden die folgende Rezension hilfreich. Family Night Tool Chest BookVon mbushell@rpi-apex.comExcellent book for teaching/ learning basic Christian concepts. We have four kids and like yours, they are an energetic crew. This book gave us really cool, really clever ideas on how to teach what otherwise would be boring 'Lessons from Dad and Mom'. We've really had a ball. Family fun without videos or, dare we say it, TV. Definitely rated 'G' for Grrreat. I'd recommend this easy to read book to anyone who is interested in making certain their kids have the basic knowledge/ experience necessary to build a life centered on the God of the Bible. My compliments to the authors... Thank you for making a difference.
