**Von Sarah Smyth, John Murray : Basic Russian: A Grammar and Workbook (Grammar Workbooks)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Basic Russian: A Grammar and Workbook (Grammar Workbooks):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Basic Russian, a grammar and workbook.Von kim austinDespite its title Basic Russian is probably best suited for the student who already has a basic knowledge of the Russian language. Without any accompanying cassettes, beginning students may well have considerable difficulty with pronunciation. That aside, this book is concise and clearly presented. As

the title suggests, it contains both a grammar guide and an accompanying workbook which makes learning the material much easier. Basic Russian also contains a handy vocabulary list of everyday words, as well as several appendices such as a glossary of technical terms and a list of spelling rules. By using up-to-date language (both Russian and English), and a straightforward layout, this is a very good reference work for anyone who is already studying Russian. I recommend it be used along with some audio material.

Kurzbeschreibung Designed for students with a basic knowledge of Russian, this book provides an accessible reference grammar and related exercises in a single volume. Across more than forty grammar topics it introduces the student to Russian people and culture through the medium of the language used today, covering the core material which the student would expect to encounter in their first year of learning Russian. Complete with a full key to exercises and glossary, Basic Russian is a user-friendly reference grammar suitable for both independent study and class use. Pressestimmen... "[It] contribute[s] to the pool of pedagogical material available for Russian, filling a need and a niche among many who are taking their first tentative steps into this challenging language, and as such, "Basic Russian: a Grammar and Workbook should be seen as a welcome addition to the overall body of works dedicated to introductory Russian." -Ron Richards, UCLA "Canadian Slavonic Papers, December 2001
