KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A very good Writer.Von Karl SteffensAlthough I'm not really interested in catching fish I had to buy this book because it was written by the late John Darling. After reading his Airgun Hunting book and Magazine articles I became hooked to his descriptive way of writing. This book was just as I had expected it to be, really fantastic stuff. John Darling really Knew how to write a good book and it is such a pity that he is no longer with us. If I ever make it up to Heaven he is on the list of people I would like to meet. This book is well worth Buying, it has a lot of good tips and is a really

enjoyable read.

KurzbeschreibungThe result of more than thirty years experience, Bass Fishing on Shore and Sea is a comprehensive guide to catching this beautiful yet challenging gamefish. Topics covered include: Where to look for bass and how to fish for them; Tackle and techniques for shore fishing; What baits to use and how to obtain them; The equipment and techniques for boat fishing, both inshore and further out; Fishing with lures. Illustrated throughout with superb photographs, this book is essential reading for all sea anglers. *Pressestimmen*"... a good read and a book that will be picked up time and time again... it is highly informative and is written honestly ..." *Improve Your Sea*
