Von Larry Larsen : Bass Pro Strategies: Locating and Catching Techniques of the Professionals Book 3 (Bass Series Library) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bass Pro Strategies: Locating and Catching Techniques of the Professionals Book 3 (Bass Series Library):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great Book for those wanting to learn. Von Ein KundeThis book is a very good guide for those who want to become better bass fisherman. Any of the methods mentioned and followed will produce results. Read the book and duplicate the strategies on the water and one will be very satisfied with the results.

KurzbeschreibungProfessional fishermen have opportunities to devote extended amounts of time to bass fishing and they dont last long in the business unless they can learn from the experience and quickly apply that knowledge. Bass Pro Strategies is a study of pro secrets, the essentials in developing a sound strategy to plan a productive fishing trip, and then to carry out the objective. Special features include mapping water elimination, locating deep and shallow bass, boat position factors, water chemistry influences, weather effects, and topographical techniques.KurzbeschreibungProfessional fishermen have opportunities to devote extended amounts of time to bass fishing and they dont last long in the business unless they can learn from the experience and quickly apply that knowledge.
