KurzbeschreibungOne of the most iconic superheroes of the era, the Batman mythos has grown exponentially from its first conception as a comic book character in 1939 to the latest incarnation seen in the Batman trilogy directed by Christopher Nolan. However, to younger audiences and readers, the man behind the mask and the incredible story about his exploits as the Dark Knight and his alter-ego Bruce Wayne remains a mystery which leaves them more baffled than amazed when informed by die-hard fans "how this or that should have been".If you are new to the Batman
