Von Joe Madureira, Jim Muniz : Battle Chasers: Collected Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Battle Chasers: Collected Edition:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Praise for America's premier Manga ArtistVon Hank RobbinsJoe Maduriera is the foremost Manga-influenced artist in America today. His characters, battle scenes and backgrounds reflect a very Americanized adaptation of the classic Manga style of Japan. The fantasy elements in the book are well-woven (I especially enjoy the crotchety Gnolan and his war-golem, Calibretto), and the settings and characters brim with a cartoony realism. He, along with peers J. Scott

Campbell and Jim Lee form the hub of standard for art in the comics world today. This is a work not to be missed. NOTE: This collection includes issues 1-5 of Battle Chasers' run, and features a gallery of character art at the back drawn by Maduriera and other talented artists.1 von 1 Kunden fanden die folgende Rezension hilfreich. The Master of American Manga at his VERY Best!Von Ein KundeThis man is the ultimate artist of the 90s. 'Nuff said! His characters are a mix of fantasy and superhero convention, with a dash of Dungeons and Dragons and a good helping of Final Fantasy. There's something for everybody in this book, which includes the first five issues of Battle Chaser's run. Any fantasy fan will love it, and any comic book fan will love it too. I'm from both camps and I find the book exceptionally satisfying. There's an intro written by the Mad man himself, along with a gallery of character drawings by Maduriera and others. Pick this one up. You won't be disappointed.0 von 0 Kunden fanden die folgende Rezension hilfreich. piece of artVon Conanyone who likes hot and rough babes, swordsmen, mages and most of all good design will love this book.awsome drawing, very impressive coloring and quiet a good plot make"battle chasers: a gathering of heroes " irresistible.the cover also has a nice design and the included art work is for sure a nice perk.all in all this book is a must have for everyone who likes cutting edge comics and is open to slight manga influences.
