of Teens Read Too Von Teens Read Too Summer Smith doesn't have the perfect life, or a life that anyone would want at all. She is a major klutz, always falling and bruising herself. And the guy of her dreams, Sean Valletti, not only doesn't notice her but has found someone else to be his potential girlfriend. After trudging home through the snow and cold weather, Summer gets hit with some excellent news. Her aunt had phoned her mother to see if Summer wanted to come to Florida and visit. From the cold, hard weather to the bright, warm sun, the answer is definitely obvious to Summer and she is whisked off on a plane on her way to Crab Claw Key. Even before she arrives, Summer receives some interesting news from a lady on the plane. The lady, who turns out to be a fortune teller, tells Summer that during her adventure in Crab Claw Key, three men will enter her life. Sure, it sounded pretty lame to Summer, since she couldn't even get Sean to notice her back home. But before she knows it, her life turns into *The Bachelorette*, with three guys, Adam, Diver, and Seth, all showing interest in her. One may not be trustworthy, Summer can't even begin to figure out another, and the last one is totally taken. Summer knows that this summer will definitely be interesting! Aside from the boy problems and the horrible living space she must occupy, Summer gets to experience the drama with her cousin, Diana, who she hopes to win over and Marquez, who of course has some troubles of her own. Three novels in one book, going through June, July, and August, will take not only Summer but also the reader on a journey full of heartache, mistakes, and endings that will surprise us all. *BEACH BLONDES* literally has "beach read" written all over it. The perfect book for some fun in the sun. Reviewed by: Randstostipher "tallnankyrn" Nguyen

Kurzbeschreibung Three months. Three guys. One amazing summer. Summer Smith is in for the best summer of her life. Between the cold weather and her boyfriendless existence in Minnesota, Summer is ready for sun, sand, and boys in the Florida Keys. And by the end of the first day, she has more than enough to keep her busy: Adam, the senator's son, has looks, power, and all the money in the world. Diver, the mystery man, is mellow, intriguing, and definitely unique. And Seth, the perfect guy...only he has a girlfriend. But with new friends, cute guys, and miles of hot white sand, Summer's in for more trouble than she thinks....

ber den Autor und weitere Mitwirkende After Katherine Applegate graduated from college, she spent time waiting tables, typing (badly), watering plants, wandering randomly from one place to the next with her boyfriend, and just generally wasting her time. When she grew sufficiently tired of performing brain-dead minimum-wage work, she decided it was time to become a famous writer. Anyway, a writer. Writing proved to be an ideal career choice, as it involved neither physical exertion nor uncomfortable clothing, and required no social skills. Ms. Applegate has written more than one hundred books under her own name and a variety of pseudonyms. She has no children, is active in no organizations, and has never been invited to address a joint session of Congress. She does, however, have an evil, foot-biting cat named Dick, and she still enjoys wandering randomly from one place to the next with her boyfriend.
