read for cricket fans Von Peter Durward Harris Ian Botham always seemed to be a bit of a comedian to me anyway, but in this book of his, he proves it. This book features about 50 guest contributors, all cricketers past or present, who tell their amusing stories. For each guest, Botham starts with a piece basically saying how good they were at playing cricket and what fun they were to be with. The guest then tells whatever story they choose to tell (occasionally more than one). Some of the stories are about what happened on the pitch (Gooch reminisces about handling the ball), some are about what happened in the dressing room (one unfortunate cricketer wasn't ready when he was needed after wickets fell quickly; he was actually stark naked) and some are about episodes that happened away from play (such as when Botham almost ate elephant dung). This is obviously not a book to take too seriously, but it is great to dip in and out of when you need a laugh.

Kurzbeschreibung Life is very rarely dull or quiet when Sir Ian Botham is around. One of Britain's greatest sportsmen, 'Beefy' has always worked hard and played hard, and this book reflects that. Botham has compiled some of his favourite stories from a life devoted to cricket and brought them all together in one volume. With the help of his huge network of friends, colleagues, team-mates and opponents, he has put together a wonderful collection of the best and the funniest stories from the cricket world. Featuring contributions from legends such as Shane Warne, fellow commentators and former team-mates including David Gower, and many of the current England team, this is a book the reader can pick up and immediately be privy to some of cricket's strangest and most hilarious moments, from the player who turned up to a game without any clothes on to avoid being fined for wearing the wrong kit to the cricketing legend whose desire for a burger landed him in hot water.
