Von JJ Marsh : Behind Closed Doors: A European Crime Mystery (The Beatrice Stubbs Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Behind Closed Doors: A European Crime Mystery (The Beatrice Stubbs Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Beatrice

Stubbs, the charming enigma Von Susanne Weigand I am not sure, because I have been a reader since I have been able to read, but I think crime fiction is something I have read more than other genres. And among those I have read are many of the classics and I adored them and many more modern books - and this one is one of the best I have ever read. Because of Beatrice: she is flawed and sometimes plain wrong, but she is dedicated to her cause and to her team. The team is fun, a group of specialised investigators from all over Europe, getting together and forced to work together in Zurich, overcoming language barriers and some culture barriers. Oh yes, even in modern times the differences between a person from Portugal, a Brit and a stiff Swiss police officer can be big! And poor Beatrice has to learn it the hard way! As always: no spoilers, but the mystery is very suspenseful and there are times when the reader does know more than the police which makes it even more intriguing. 0 von 0 Kunden fanden die folgende Rezension hilfreich. SO MUCH MORE THAN JUST A THRILLER! Von Clara_w Behind Closed Doors was an absolutely fantastic read. I couldn't put this book down, and boy, was I hungry afterwards (literally)! Behind Closed Doors provided a much needed, fresh approach to the genre. Unlike most thrillers which prioritize clichéd plot tricks and never-ending action, this book keeps you hooked as it explores not only a series of murderers but also the real work behind catching a killer. The real work is not what you see in most thrillers or in Hollywood movies, and such real approach also allows the book to showcase beautiful sceneries and amazing food! It's a really unique and amazing trip. It's not often that you find thrillers that keep you hooked to the end, but also end up giving you a lot more than what's expected in the genre. If anything, Behind Closed Doors is a box full of delightful surprises. It will make you crave for a trip around Europe, some good wine, and perhaps, a cheese fondue. The characters are believable and relatable, with extra kudos to Beatrice Stubbs, who has become one of my favorite characters of all time. Real people are flawed and so is Beatrice, which makes her incredibly layered. Also, the villain is cold, evil, and so well built! She made me cringe a number of times. I absolutely enjoyed following Beatrice in her Swiss journey. Can't wait to read the next installment!

Kurzbeschreibung Never underestimate a beautiful woman. You might not live to regret it. Suicide the act of taking one's own life. Homicide the act of taking someone else's. An unethical banker suffocates. A diamond dealer slits his wrists. A media magnate freezes in the snow. A disgraced CEO inhales exhaust fumes. Four unpopular businessmen, four apparent suicides. Until Interpol find the same DNA at each death. Beatrice Stubbs, on her first real case since the incident, arrives in Switzerland to lead the investigation. But there's more to Zurich than chocolate and charm. Potential suspects are everywhere, her Swiss counterpart is hostile and the secretive world of international finance seems beyond the law. Battling impossible odds by day and her own demons at night, Beatrice has never felt so alone. She isn't. Someone else believes in justice. The poetic kind. "Wow. Wow, wow, wow. This is a GREAT book." - Sheila Bugler, author of Hunting Shadows Behind Closed Doors crackles with human interest, intrigue and atmosphere. Beatrice and her team go all out to see justice is done. And author JJ Marsh does more than justice to the intelligent heroine who leads this exciting and absorbing chase. Libris s "I hate giving five star reviews because they should go only to the very best books - five stars should mean 'This is a superlative read and there are very few like it'. Well, this is a superlative read and there are very few like it. 5*." - The Bagster, reviewer Pressestimmen "Hooked from the start and couldn't put this down. Superb, accomplished and intelligent writing. Ingenious plotting paying as much attention to detail as the killer must. Beatrice and her team are well-drawn, all individuals, involving and credible" - Books Plus "Behind Closed Doors is a fast-paced, clever Eurocrime thriller that has kept me up late at night and made me late for appointments in the 48 hours it took me to devour it. The writing's effortless and stylish, and the plot - it revolves around a series of gruesome suicides that are really murders - is hooky and twisty. I loved it. The main character, Beatrice Stubbs, is a cool combination of vulnerable and stubbornly independent, and her kooky team of Interpol draftees from across Europe are very believable. Recommended!" - er "I hate giving five star reviews because they should go only to the very best books - five stars should mean "This is a superlative read and there are very few like it."
