Another great Henty novel Von Ein Kunde Luck was with us when my kids and I discovered the obscure author of this book, G. A. Henty. As a homeschooling mom I am always looking for books that bring history and geography to life. Mr. Henty

accomplishes this beautifully and his books are rapidly becoming our favorites. This is the story of a young Briton during the Roman occupation of Britain. He is captured and taken as a slave to Rome where he has one adventure after another. Mr. Henty provides such rich detail in his narration that the reader gets the "feel" of the Roman and British cultures he is describing. The Henty books are a mainstay of our social studies curriculum and I know the kids learn and retain much more history by reading these novels than they do by working out of a dry social studies textbook. I highly recommend these books!

Von Ein Kunde

This book is about a young British chieftain who for most of his life was held as a hostage by the Romans. He learns to admire many of Rome's laws and ideas. But he is still a loyal Briton. And when his Briton rebels he joins them. I think this is a book for everyone. You can't put it down. One of my favorite books.

Von James M. Reynolds

Henty presents a wonderful look at the history of England under the domination of the Roman Empire. This is a story of great courage and daring on the part of Beric and a look at Rome in its declining stages. However, not all the honorable men and women belonged to England.

Synopsis

G A Henty was a 19th century novelist, special correspondent and Imperialist. His best-known works are historical adventures. The Britons were known to have superior strength but it was no match for the discipline of the Roman invaders. The story is set in England, Italy and Rome in the year 61 A.D. Beric is a young boy chief who plays a major role in the insurrection against Rome. For awhile Beric and his men were able to hold the land but soon the superior discipline of the Roman army prevailed. Beric becomes a prisoner and travels to Rome. Henty describes the gladiator school, the great fire and life under the rule of Nero.
