Totally engrossingVon Ein KundeWell, id like to say that i got home from work and saw my .com package waiting for me. I opened frabato the magician at about 4pm...after reading one chapter of this book i proceeded to lock the door. Turn the phone off, make some food and read this book to the finish. This book is such an outstanding view of what a true

Hermetic magician can do. It gives any student of the art real inspiration to strive to always do more and be stronger. I found this "novel" to be enjoyable on many levels and i would recommend this to any Hermetic student.0 von 0 Kunden fanden die folgende Rezension hilfreich. amazing description of the hermetic sciencesVon Ein KundeThe books by Franz Bardon are very hard to find. They offer the best systematic training in the hermetic science in a systematic language, free from religious or new age jargon.

KurzbeschreibungThough cast in the form of a novel, Frabato the Magician is in fact the spiritual autobiography of Franz Bardon, one of the twentieth centurys greatest Hermetic adepts. Frabato was the authors stage name during his career as a performing magician, and it is Frabato who occupies center stage in the novel as well. Set in Dresden, Germany, in the early 1930s, the story chronicles Frabatos magical battles with the members of a powerful and dangerous black lodge, his escape from Germany during the final desperate days of the Weimar Republic, and the beginning of his spiritual mission which was to culminate in Franz Bardons classic books on Hermetic magic. More than just an occult novel, Frabato the Magician is itself a work of magic which illuminates Bardons other books as well as providing a revealing look into the dark occult forces which lay behind the rise of the Third Reich.KurzbeschreibungThough cast in the form of a novel, Frabato the Magician is in fact the spiritual autobiography of Franz Bardon, one of the twentieth centurys greatest Hermetic adepts.
