Von Sinclair, 1885-1951 Lewis : Free Air before purchasing it in order to gage whether or not it would be worth my time, and all praised Free Air:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Why couldn't all his books have been like this? Von Ein Kunde Apparently Lewis didn't become disillusioned and embittered until after 1919, when this absolutely delightful book was published. We have an original copy that my mom got from a library sale or something. She loved it, I loved it, which is no suprise because I am a sucker for sweet old novels, but

the most ringing endorsement it that my impossible-to-please dad loved it. In fact, he was the one who made me read it. There really isn't a lot of substance to this book - it's mostly fluff. (There's some social commentary in the later parts of the book, when they're in Seattle, but I try to ignore it.) But it's grade-A, high-quality fluff we're talking about here. Claire Boltwood's transformation from a Brooklyn snob to a real woman is highly believable, and Milt Daggett is one of the sweetest, most wholesome men ever created. Set against the well-painted backdrop of the American West, the story shifts from amusing to heartwarming to bittersweet and back again flawlessly. Just a good, simple love-story, unique and well-written. I would recommend this book to anyone just looking for a good read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Early, less profound Sinclair Lewis Von Ein Kunde One of my favorite books. I was lucky to get a copy (original edition) from the New York Public Library. Have read all his well-known books, but might like this best. His usual themes of Americana, social climbing, etc. But this is a "road" book and a very innocent love story - wonderful book by one of the best American writers. I'm surprised it's in print since it's such a minor title of his. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Free Air Review Von Ein Kunde I really enjoyed this book immensely and agree with the previous reviewer. It gives a descriptive account of the trials and tribulations of traveling westward in a car during the early 1900's. Reads as a social/class commentary, a Zane Gray western, with some romance added. Corny in some ways, however, I thoroughly enjoyed it and would recommend it to other Sinclair Lewis fans.

Kurzbeschreibung HardPress Classic Books Series From Publishers Weekly Travel from Minnesota to Seattle brings an upper-class family down to earth in this early effort from Lewis. Copyright 1993 Reed Business Information, Inc. Pressestimmen "[Lewis] really seems to catch the sweep and exhilaration of the great open country over which his characters wind their way." - "New Republic"
