Agreement with SproalVon S. McIntyreThis is indeed a fine work. A rather detailed work as well (without getting to gripped by technicality). If you haven't read it..beware it is not the easiest read, but it isn't a difficult one either.

Prepare to spend a little time with it to grasp its full message. If you don't have this one...you need it. Grace and peace.

KurzbeschreibungEighteenth-century theologian Jonathan Edwards remains a significant influence on modern religion, and this book constitutes his most important contribution to Christian thought. Edwards raises timeless questions about desire, choice, good, and evil, contrasting the opposing Calvinist and Arminian views of free will and addressing issues related to God's foreknowledge, determinism, and moral agency.KurzbeschreibungEighteenth-century theologian Jonathan Edwards remains a significant influence on modern religion, and this book constitutes his most important contribution to Christian thought. Edwards raises timeless questions about desire, choice, good, and evil, contrasting the opposing Calvinist and Arminian views of free will and addressing issues related to God's foreknowledge, determinism, and moral agency.Synopsis Considered by many to be the greatest book by enormously influential American preacher and theologian JONATHAN EDWARDS (1703-1758), this provocative 1754 work explores the necessity of God's grace for the salvaging of the damaged "will" of humanity and argues that free will is an extension of and connected to the grace of God. What is the nature of morality? Can God be evil? What constitutes sin? How does God's foreknowledge of all events impact concepts of morality? How does intent inform our acts of vice and virtue? Still controversial and hotly debated in the 21st century, this demanding evangelistic work-some call it the best argument for the sovereignty of God-is among the essential reading of the thinker whose philosophies inspired the 18th-century religious of the Great Awakening, which continues to hugely influence American Protestantism to this day. Freedom of the Will will enthrall and challenge serious readers of the Bible as well as students of theology's impact on American history.
