warming series Von Ein Kunde The little angel of friendship only needs a few more feathers before he has the daring high flying wings he has waited so long for, but the task he has been assigned to is harder than he thought. He has to help a young girl named Patricia make friends in the new city that she and her family have moved to. Patricia is deaf, so she has to use her hands to talk and the other kids are treating her like a baby because of it. This the first book in a series of angel wings books. It was just published in 1999 and there are 13 books in the series already. Children will find it enjoyable to read the book themselves. The black and white pictures help to show more what Patricia's life is like. I found this book to be very heart warming. It helped me to realize that even though someone is different on the outside we are all the same on the inside. Ashley @ MyShelf.Com

Produktbeschreibung Every time a bell rings, an angel gets his wings. The Little Angel of Friendship is the most popular angel around. He's pretty sure it won't take much for him to earn a few more feathers and get his flying wings. But there's a tough task ahead of him. He has to help a girl named Patricia make new friends. There's nothing wrong with Patricia. It's just that she has a different way of talking than most children. Plus, she's just moved to a new town. The girl down the hall wants nothing to do with her -- she thinks Patricia is a baby. If Patricia doesn't speak up soon, there'll be one unhappy Little Angel of Friendship -- he needs those wings to fly! Have you made a friend today?
