Von Neale Donald Walsch : Friendship with God: An Uncommon Dialogue before purchasing it in order to gage whether or not it would be worth my time, and all praised Friendship with God: An Uncommon Dialogue:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Magnificent!Von Lisa BirtchI thought that these books were inspired, now I KNOW! This latest book came at exactly the right moment. After reading the first 3 books, I at first felt exhilarated, then deflated, as they seemed to bring into my awareness the state of unconciousness that I could now see/feel the the world living in, and then I "found"

Friendship with God, and that all changed. It resolved the last of my mind's questions, and helped to provide more practical ways of applying the concepts to my life. I read this one (the first time around) in two days, and if you thought your life changed after the first three books, wait 'till you read this one. We can no longer hide from the truth, we will all re-member it some "time". After finishing the first books, I bought/read about 30 books, looking for the "right" way for me to achieve the awareness I was looking for, and I finally found my answer here! The search is over, let the experience be ours together. I would have to say that I strongly recommend this book! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Making more connection with God Von Bhavani Brown I know there are a multitude of reviews of this series, but I wanted to add my two cents worth. I truly resonate with this and enjoy Friendship With God, perhaps even better than than Books 1,2,3. I'd highly recommend this next in the series of CWG for assisting in incorporating this material into your everyday life! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Slightly Deluted from the Original Von Jazyun Maxx Alright I first read CWG 1 when I was 17 or so. I loved it cherished met Neale himself and was entranced by message. I backed off a little his whole message is deluted simply because he isn't brave enough to boldly proclaim in person what the Book says We are GOD! Neale is smart man playing dumb he knew calling the series CWG would pull in disillusioned moderate Christians and now his contingent of followers are a bunch a flimsily newly converted New agers who don't get the message who I see in writings thanking God in the same old God is a nicer form of the Christian one they had. That saddens me greatly. Listen I still regularly read CWG 1 and I quote its sayings often but I am not a Walsch disciple and I don't rant about him. A word of advice forget the man and read the message. Apply these truths by your own knowledge don't be dictated too. Today I see all his 100 different self help books and I am disillusioned by that. FRIENDSHIP WITH GOD is just Neale realizing that most of his followers are convert Practical Christians and not the real intelligent ones who REALLY understand the message. Neale probably didn't intend for his message to be read the way it is. He shouldn't have called it CWG then!

Kurzbeschreibung The first book in a new series by the multimillion-copy bestselling author of Conversations with God. Neale Donald Walsch has changed the way millions of Americans think about God. His Conversations with God series, book 1, book 2, and book 3, have all been New York Times bestsellers- book 1 for over two years. The essence of Neale Donald Walsch's message lies at the heart of faith- the sacred place in every person, where he stands alone with his God. Walsch urges each of us to forge our own unique relationship with God, a God who is everywhere and speaks to us in all we do. It is up to us to stop and listen. It is up to us to respond...to begin the conversation. And a conversation is the first step, just as in any relationship, in establishing trust, in building friendship, in creating communion. In Friendship with God, Neale Donald Walsch shares the next part of his journey, and leads us to deepen and strengthen our own bonds with God. He honors our heart's desire: a closer connection, richer and fuller. A friendship with God. deNeale Donald Walsch grew up fearing God, especially after his mother, a neighbourhood mystic, was caught reading cards for a friend. His mother was "trafficking with the devil", according to Walsch's deeply religious aunt, and as a result, "God will send her straight to hell". That was the start of a relationship born of "fearship," as Walsch calls it. In Friendship with God, Walsh speaks to the struggles he's had learning to see God as a true friend rather than a punishing judge. Like his immensely popular Conversations with God series, Friendship with God is written mostly in dialogue format, modelling how anyone can converse with God. What makes the book especially accessible is Walsch's humble voice that gently addresses most people's confusion and doubts. For example, Walsch talks about feeling squeamish that God knows the shameful secrets of his life. In response, God points out that Walsch has shared his dark secrets with friends and lovers. So why not share these truths with God, who has never judged or punished him, and never will? These types of tender and reassuring conversations give readers the courage to begin their own private dialogues with the divine.--Gail Hudson.co.uk Neale Donald Walsch grew up fearing God, especially after his mother, a neighbourhood mystic, was caught reading cards for a friend.
