**Von Sue Riches, Victoria Riches : Frigid Women (Eye Classics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Frigid Women (Eye Classics):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. An author's viewVon sue richesI wrote this book, with my daughter. It is about a life changing six week adventure, and we want to share our experiences with you, the reader. Imagine the most beautiful place on earth, an unspoilt wilderness,

then experience the fear, the vulnerability, the isolation and an overwhelming feeling of insignificance - welcome to the North Pole. In a world of vividly contrasting blues and whites, of every moving ice, two miles above the ocean bed, priorities change. To have your daughter with you makes it an incredible experience. We both hope we will inspire other people to do something unexpected. I was the oldest woman on the expedition and had just recovered from breast cancer, if I can do it, you can. So please read *Frigid Women*, enjoy it and know that nothing can stop you achieving a long held dream. PS. Why *Frigid Women*? Well, it caught your attention, didn't it?

**Kurzbeschreibung**In 1997, a group of twenty women set out to become the world's first all female expedition to the North Pole. Sue and Victoria were surprised to find themselves amongst them. En route to the most isolated and forbidding regions of the globe and facing the bitterest hardships, both were seeking a new beginning. For Sue these were the first steps following treatment for breast cancer. For Victoria, abandoning the security of her career was the sole way to test her self-belief. This is mother and daughter, Sue and Victoria's personal account of their trials and survival in the Arctic. Honest, shocking, but never too serious, *Frigid Women* is a celebration of the positive, 'anything is possible' attitude which can transform life's tribulations into its most rewarding experiences.

**Pressestimmen**"An uplifting story . . . and simply told." --Daily Telegraph""An uplifting story . . . and simply told." "Daily Telegraph""The subject matterthe first all-female expedition to the North Poleis compelling. . . . The authors render their often life-threatening experiences with humility, honesty, and a vital sense of humor. Simply, the narrative is unique and gratifying in that it reveals the human side of an inhuman challenge." Enjoy it all you would be adventurers . . . and dream on!" --Dawn FrenchMedia s"They embrace an experience that many people would prefer to only read about" - The Daily Express "This story is a fantastic celebration of adventure, courage, friendship and love. Enjoy it all you would be adventurers ... and dream on!" - Dawn French "This book captures the essence of arctic travel. It shows that women can survive as well as men and keep their sense of humour. The achievement of these women should not be underestimated." - David Hempleman Adams
