Classics for ChildrenVon Nana AnnieI've told my children that when yard sale time comes around, Frog and Toad books stay. I'm holding them for the grandchildren. The Frog and Toad books have held up well - my oldest 'child' is 32, my youngest not yet 9, and everyone has heard Frog and Toad stories over and over.This book, published in 1970, is the

first of four. The two friends are somewhat like the Odd Couple, two best friends with distinctly different personalities. Frog is usually cheerful, while Toad tends to view things from a darker side. In "Spring", Frog convinces Toad that Spring really is here, that it is worth it to get out of the bed where Toad's been lying for so long his calendar still says November. In "The Story", Toad (who isn't quite as much a creative thinker as Frog) struggles to think up a story to cheer up his ailing friend - he struggles so hard that Frog ends up comforting him! "A Lost Button" is an amusing story about a search for (you guessed it) a lost button - Toad's lost his button, and Frog spends his time looking for it - they find many buttons, but not the one Toad's looking for, which turns up back at Toad's house. He rewards his friend by sewing him a special jacket filled with all the buttons. In "A Swim", the self-conscious Toad tries to hide while putting on his swim suit, but ends up being seen by everyone, wearing his funny striped suit. Even Frog laughs at him - but he manages to walk home with dignity. "The Letter" is the last story in this book. Like many little children, Toad loves getting letters but is really sad because nobody writes to him. Frog comes to the rescue, eventually, with the help of a turtle mail carrier. The stories are short, sweet and about friendship, but in a simple manner. Drawings of Frog and Toad are on almost every page, and are detailed enough to warrant a lengthy view and some comments from young readers. The words are understandable and readable enough for very young readers, yet they manage to hold a story with an amusing message. 1 von 1 Kunden fanden die folgende Rezension hilfreich. By now, you're hooked... Von Nana Annie If you've read the first two books in the Frog and Toad series, by now you and your child are hooked! This book, published in 1976, is the third of four books about Frog and Toad, written by Arnold Lobel. This book has five stories, starting and ending with Winter tales. As usual, Toad is a bit negative and nervous, while Frog is calm, positive and dedicated to being a very good friend to Toad. In "Down the Hill", Frog gets Toad to come outside and try sledding down a hill with him. Toad goes reluctantly along, and for a moment enjoys the ride. Frog gets bumped off the sled, and Toad still enjoys the adventure until he realizes he's alone. He decides Winter is best spent inside. The next story is about a story told from Frog to Toad, one rainy day when they are wishing Spring was here. Frog promises that Spring is just around "The Corner." "Ice Cream" is a funny story about what happens when Toad buys ice cream cones for himself and Frog, and carries them a long way on a very hot day. "The Surprise" is a story about what happens when two friends try to do something special for a friend, in secret. The last story, "Christmas Eve", has a worried Toad frantically searching for his best friend, sure that something terrible has happened. It has a happy ending, of course! The stories are short, sweet and about friendship, but in a simple manner. Drawings of Frog and Toad are on almost every page, and are detailed enough to warrant a lengthy view and some comments from young readers. The words are understandable and readable enough for very young readers, yet they manage to tell a story with an amusing message. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Frog and Toad are Friends Von Ein Kunde Hi my name is Naomi. I am 9 years old and I am in 3rd grade. The book I read is Frog and Toad are Friends by Arnold Lobel. The book has 5 chapters. One of the chapters is about Toad who was so sleepy and frog who wanted to play with Toad but told frog to wake him after May. So frog looked at the calendar and pulled the months off until it was June 1, 2000 but found it was May 8, 2000. When frog went to Toad frog said it is June 1. Toad saw the calendar and went to play with frog. If you want to know four more stories about Toad and Frog, get Frog and Toad are Friends. I liked it because it is about friends that help each other. I think students in first grade up to third grade will like this book. I think everyone will like it because it is an easy book to read. I give it 5 stars.
