KurzbeschreibungIn the forty years since his death, Fujita Seiko has been a man of mystery, rumor and conjecture. Little of substance existed to bring the facts of his career to life, yet all agree that he made his mark by claiming to be the last ninja. Now, Hevener brings Fujitas career to life. Here, for the first time, you will learn of Fujitas early training, his role during World War II, and the high regard with which his contemporaries held his abilities and accomplishments. Ultimately, you will learn of the fate of his martial arts legacy, including his mysterious and controversial Wada-ha Koga-ryu ninjutsu.
