Von Gerhard von Rad : Genesis, Revised Edition: A Commentary (The Old Testament Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Genesis, Revised Edition: A Commentary (The Old Testament Library):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. This book is an excellent resource for pastors.Von keifman@juno.comThis book is an excellent resource for pastors. It is a

commentary after the tradition of German higher criticism. I am an orthodox reformed pastor who does not submit to the presuppositions of higher criticism. However, using such a commentary allows me to gain insight into language and cultural issues of the text that might not otherwise come to my attention. Pastors and lay people without training in the original biblical languages and intricacies of higher criticism should take great caution in utilizing a resource such as *Genesis: A Commentary*. Others with proper training will appreciate and benefit from Von Rad's excellent work.

Kurzbeschreibung This volume, a part of the Old Testament Library series, explores the book of Genesis. The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys. The contributors are scholars of international standing.
