Great book, but even greater man!Von Daniel PrenticeThis book is an authentic look at the life of a man I heard a lot about growing up in the UK. Living now in Germany it is amazing to see how well respected the ministry of Gerald Coates is, both nationally and internationally. This book is filled with amazing compact stories of a man who really made a

tremendous contribution to today's Christian environment, and that contribution will be hard to forget. Well done Gerald and Ralf, but then again you're not done just yet!

Kurzbeschreibung Gerald Coates is different. A pastor, a pioneer and a provocateur. His bold prophetic ministry both in terms of speaking prophetically and in terms of living that way, has challenged the established church. This book celebrates Gerald's life. Now in his seventies, he's still going strong. And the message he brings is just as relevant to the church today. You may not know it, but if you live in the UK, your church and your locality have more than likely been affected in some way by Gerald's ministry! Gerald Coates - Pioneer will inspire and encourage you. Along the way, you will meet some amazing people. Some famous. Some less known. All important to a story that has helped change the church as we know it. Gerald's influence on British Christianity over the last forty years has been extraordinary. This is an account of a remarkable man, a remarkable ministry and a remarkable God. Revd Canon J. John Speaker and Broadcaster
