**Von Robert Elsenpeter : Get Into Radio (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Get Into Radio (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. The ultimate guide to landing a job in radio Von Ein Kunde This book is a must for anyone who wants to work in radio. Not only does Elsenpeter's book provide step-by-step instructions for landing a job as a disc jockey, it also reveals

important information about finding other jobs in the industry. The book is both informative and entertaining. There's nothing else like it on the market.

Kurzbeschreibung Do you want a career on the radio but don't know how to get started? Do you want to be the next Howard Stern; the next late night smooth jazz guy; the next saucy morning krewedude? This book can help. From getting the right education to job searching to preparing your own demo tape, it is all in this book. Do yourself a favor: Follow your dream and Get Into Radio!

This book can help. From getting the right education to job searching to preparing your own demo tape, it is all in this book. Do yourself a favor: Follow your dream and Get Into Radio!

Autorenkommentar For anyone who wants a radio job, without the gobbledygook. GET INTO RADIO is meant to steer good, honest, intelligent people away from something easy, yet soulfully unsatisfying (like the legal profession) towards their dream. How many of us skipped out on our dreams because we didn't know how to go about it or because it seemed like some frivolous pursuit? How many of us will look back on our lives and say "I wish I'd done this or that?" For those who wanted to get into radio, my book shows the way. I'm not some stuffy college professor. I don't throw 75 cent words, radio theory and the history of the plastic knob at you (like other books in the field). Rather, I hit you with solid advice from professionals in radio who already lept the hurdles. Plus, I threw in a few laughs so you get some secondary benefit from GET INTO RADIO. My hope is that readers will not only find the book informative and helpful, but they will also get a few dozen laughs from it, too. If I can stop just ONE person from becoming a lawyer, I will have made a difference.
