Excellent book for those looking at spiritual discernment

I found this book to be an excellent way to sort out ego from God's true calling. In a very simple method the author talks about watching as we walk the faith.

Kurzbeschreibung
Are you ready to risk living by your own directions and convictions instead of imitating someone else's? Be obedient to God and the call He has on your life and get started! When dealing with negativism or any other "hang-up", people searching for direction and purpose in life are often frustrated by the over-whelming amount of available advice. Instead of facing the real issues of life and becoming persons of deep simplicity, individuals get sidetracked into the complexities of imitating someone else's ideas. Instead of apologizing for and defending yourself, let Get On with Living challenge you into action and faithfulness to the vision God has given you. Here is solid advice on how to stop "fussing" and start "building".
