Their All", and I must say, I was impressed. With the limited amount of BsB biographies for fans such as myself to choose from, this one outshines the competition. It gives you the basic information included in every biography (how they got together,extended information on each member,etc.) but it also had some info that I didn't expect to read, such as some of the crazy things fans have done for the Backstreet Boys, info on the BsB's love life, and tons more. It even had a section on the best BsB websites on the Internet. I learned alot about the Backstreet Boys that I didn't know or had thought about before, and I consider myself a pretty big fan of the Backstreet Boys, having read four bographies so far. All in all, I highly recomend this book to all BsB fans, including the ones who don't really know much about them and the ones who have read just about everything on them!0 von 0 Kunden fanden die folgende Rezension hilfreich. Great Facts Without A Lot Of Fluff.Von One WorldThe Backstreet Boys are just some kids who had dreams of being pop stars. While people frown on this band as well as Nsync and other "Boy-Bands", they fail to value the potential positive influence such groups can have on our youth. And while those people are to busy doing that, you have the media who play on the emotions of teenaged girls (boys in regards to ChristinaA) and make these fine young artist into perfect-can-do-no-wrong idols and lead young girls to hope that somehow THEY will one day call one thier mate for life. This book does none of that but presents it's case in a down-to-earth manner in which fans can relate to. This can be a positive influence as well as an inspiration to the readers. So go out and get this for your little girl who adores these artist, it will at least get them off the TV for awhile. And it's better than all that teen-mag-fluff.0 von 0 Kunden fanden die folgende Rezension hilfreich. BSB Rises to the TopVon Ein KundeThe Fave Five rise to the top with girls all over the world screaming they're heads off. The young men have come along way. First it was harmonizing to staring on the Regas Kathy Lee Show. The five guys hve many stories to be told,but it seems Nick (Kaos) has the most. As the youngest he is also the populariest. He says " The group is better than the attention." People have just now recently noticed the five guys from Florida. Their new hit on the radio is "I'll Never Break Your Heart". Girls everywhere get their heart's stopped when they hear the song. Well lets hope the group stays together and wish them all luck on any tours commin soon.
