Von Andy Selters : Glacier Travel Crevasse Rescue, 2nd Edition: Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Glacier Travel Crevasse Rescue, 2nd Edition: Second Edition:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A first-hand teacherVon Sandor CosciaAs someone who is fairly new to mouuntainering and glacier travel, I found the wonderfully helpfulmin explaining important technequies, that are crucial to any body finding their adventures leading them to the mountains. I found it extermly helpful when I actually set foot on the ice.0 von 0 Kunden fanden die folgende Rezension hilfreich. Don't even think of traveling on glaciers before you read itVon Ein KundeAndy is the authority on glacier travel. Walking on a glacier is like walking on the moon. Don't even think of traveling on glaciers before you read it.

Kurzbeschreibung* Technical advice for traveling safely on glaciers and how to perform a rescue should the worst happen* Sidebars provide extra lessons on techniques presented* Large format with photographs showing the techniques discussed Glacier Travel and Crevasse Rescue is a comprehensive course in understanding glaciers, crossing them, avoiding crevasses, and rescuing crevasse victims. Topics covered include: how glaciers form and how crevasses develop; basic principles of glacier travel; route finding; knots and harnesses; holding a fall; rescue techniques, including self-belay and what a victim should do; and glacier skiing and sled hauling. Sidebars feature descriptions of accidents and near-accidents to emphasize the importance of the techniques presented.
