KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. SuperkreativVon Kerstin HackWer nicht nur etwas ber Gott hren, sondern ihn erleben will hat hier das richtige gefunden. Das Buch ldt ein, dem eigenen Glauben Taten folgen zu lassen und sich auf ungewhnliche

Gottesbegegnungen an ungewöhnlichen Orten einzulassen. Ideal für alle, die aus engen Schubladen ausbrechen wollen.

KurzbeschreibungThe Word became flesh and dwelt among us. But in our private lives of devotion, have we been happy to simply read the words, rather than let them become flesh in our action and experience? GOD 360 DEGREES is a revolution in devotions. Read it and you may find yourself praying for your area from a multi-storey car park, or sharing your lawnmower with another family, or washing your friend's car as you follow in the footsteps of Jesus. Step into the story of God and take God's story into your present. Each of these 120 devotions contains biblical exegesis and an experience to give it a context or an active outworking. Knowing grows in the doing. If you actually get off the couch, Andy Flannagan guarantees that this book will change your life as it has changed his. -
