Von Mrs. Paul Friederichsen : God's Word Made Plain before purchasing it in order to gage whether or not it would be worth my time, and all praised God's Word Made Plain:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A most profound and yet easy to understand book on the BibleVon Ein KundeI'm a Bible college graduate and even though I own about 5,000 books (most of them Biblically related, I continue to be amazed at the value of this book, produced more than 40 years ago!The drawings that illustrate the truths taught in this book make it one of the best values in the

marketplace. This would be true, even if the cost were ten times greater. The subtitle of this book is "Bird's-Eye-View" Bible Course and that is so very accurate. In fact, I'll be so bold as to say that anyone who reads this book will have gained more knowledge than many do who have gone through some of our modern-day Bible Colleges! I've certainly met many pastors who haven't yet understood how to communicate God's Word as clearly and precisely as Mrs. Friederichsen does. Anyone who has a desire to both know and communicate God's Word more clearly will find this book to be a very wise and sound investment. In fact, I believe you'll cherish it as long as you live. What more can I say?

Kurzbeschreibung An illustrated birds-eye view of major Bible teachings, with questions for study and discussion following each chapter.
