Planning is vital for a good steward.Von Ein KundeThis book is vital for anyone who desires to serve God. It is focused on working with your current finances. Mr. Nichols provides sound solid advice on how to live on 70% of your income and not 90% like most of us.This book was so stimulating to me that I compared what I was spending in various

categories to what Mr. Nichols recommends. I found areas where I need to improve. I will be teaching the young adults in my Sunday School class from this book in the next quarter. My life has been enriched from Mr. Nichols efforts.
