Golden Gate Bridge - Histroy and Design of an IconVon SabrinaIch bin sehr begeistert von der Golden Gate Bridge, seit ich sie das erste mal im Fernsehen gesehen habe.Vor ein paar Wochen habe ich dieses Buch hier bei entdeckt. Nachdem mir in den Buchhandlungen immer gesagt wurde es gibt keine Bcher ber die Golden Gate Bridge - auch keine in englisch!Das Buch enthlt viele Zeichnungen ber die Brcke und wie sie aussehen sollte (eigentlich) und wie sie gebaut wurde.Die Texte sind in englisch. Aber sehr gut ins deutsche zu bersetzen. Das Buch enthlt sehr viele Informationen.Wussten sie z.B. das die U.S. Airforce die Brcke rot/wei gestreift oder das die U.S. Navy sie schwarz/gelb als Farben fr die Brcke wollte?!Das Buch ist in 6 Kapitel eingeteilt:1. Art Deco by the sea2. Color, or why isn't the Golden Gate Gold?3. Hidden Towers4. Monuments in the Air: The Plaza and toll Booths5. Lights, Wind, Action!6. he Twenty-first-century Bridgesowie A diges of quantities: Bridge Facts Figures, Further Reading und einen Index.Der Buchumschlag ist aus rotem Leinen. Es sieht aus wie die Farbe der Brcke.Alles in allem finde ich, dass es ein sehr schnes und informatives Buch ist. Sehr zu empfehlen.

Through his eyes the balance of aesthetics, geometry, and engineering that fashion the bridge is made clear. His friendly, accessible text and truly charming hand-drawn illustrations make it easy for readers to dig into nitty-gritty architectural and technical details of why the bridge was built the way it was and how it became an icon.
