Von GREG RUCKA : Gotham Central Book 3: On The Freak Beat before purchasing it in order to gage whether or not it would be worth my time, and all praised Gotham Central Book 3: On The Freak Beat:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Gotham City isn't all about Batman only!Von Zoltan PinterA brutal gang war rages in Gotham City. After a tragic mistake, the police feels that they can no longer trust the Batman, so the Commissionner makes a fateful decision. With the Dark Knight now a wanted man and the famous Bat-Signal removed from the roof of headquarters, Gotham's finest are on

their own. Once again, and as always with this great series, but now more than ever in need of some help by the Dark Knight. While everyone thinks of Batman first when they hear Gotham City and crime, Greg Rucka's and Ed Brubaker's highly acclaimed series focuses on those less likely to be in any spotlight, the Gotham City police. If you like reading Batman stories, this is a great bonus; if you're not into super hero novels, you still might enjoy this a great deal as one of the main issues in this series is the difficult situation good police officers might find themselves in living and working in a city with a super vigilante. Definitely worth reading!
