Made college freshman English less frustrating Von Ein Kunde I use it and recommend it to many of my fellow students that are wading their way through college. Especially great for any international folk...the English language is a crazy beast. 0 von 0 Kunden fanden die folgende Rezension hilfreich. LOTS OF USEFUL INFORMATION IN JUST A FEW PAGES Von Jeff This book took the confusion out of High School English class. Everyone who uses the written English language should invest in this book. It's easy to understand and fun to read.

Kurzbeschreibung Good grammar is essential for effective communication. Yet many of us are plagued by the same nagging question: If I'm so smart why does grammar make me feel so dumb? Grammar For Smart People can help. Here at last, is a lively, user-friendly guide that zeroes in on the areas that give everyone the most trouble, and it does it with an advantage most grammar books lack - a light touch. You won't feel as though you're back in the fifth grade, diagramming sentences and struggling with a grammar textbook filled with dull, unbreakable rules.
