KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Dr. Rhea-Rhea's 4th book...Von Detra FitchDr. Rhea Lynch was an E.R. physician in a small South Carolina town. When

gun shots erupted down the street from her home, Rhea grabbed her medical bag and sprinted to help. The chief coroner was shot during the episode and Rhea found herself, unwillingly, deputized as an assistant coroner. Just another item to pay back Mark Stafford, local law enforcer, for. And pay him back she would. In spades! It was not long before a mass grave was uncovered. All were young girls, all high school ages, some black and some white, and all posed in the grave to make a message. It seemed the area had a serial killer on the loose and he had been killing for quite awhile.***** Hmmm, seems Dr. Rhea-Rhea and Mark are going through a severe rough patch in romance. (This was a loose end from the last book.) Enter dangerous and sexy man Eli Cordell. This ex-military commando-man will give Mark a serious run for Rhea's affection. This novel has more action, adventure, and romance than the predecessors. So hold onto your seat. There are a couple of sub-plots around the young girls and Marisa that I do not mention for fear of spoiling something. All-in-all, this medical/police thriller is well worth the price. Readers, be sure to email or write the author telling her that you want Eli to get his own story told! *****Reviewed by Detra Fitch of Huntress Reviews.

KurzbeschreibungLife in a small town can take some interesting twists--especially for ER physician Dr. Rhea Lynch. When the chief coroner is shot in a hail of gunfire that leaves a man dead and a teenaged boy searching for clues to his missing sister, Rhea is deputized as an assistant coroner. Then a mass grave is discovered--along with a killer's baffling clue. Although she is a doctor dedicated to saving the living, Rhea is suddenly forced to find answers from the dead. Soon her skill and courage put her back on the front lines of the battle she fights best: a race between life and death.KurzbeschreibungLife in a small town can take some interesting twists--especially for ER physician Dr. Rhea Lynch.
